ASWINJITH VP

React Developer Intern

☎ +91 8590508684 | ✉ aswinjith136@gmail.com | in LinkedIn | ⌂ Calicut, Kerala

React Developer Intern with hands-on experience building responsive and interactive web applications using **React.js, JavaScript, HTML5, and CSS3**. Skilled in developing **reusable components, working with React Hooks, state management, API integration, and responsive UI design**. Familiar with Git and GitHub for version control and collaborative development. Built and deployed projects including an interactive React game and responsive websites, with experience working on an ongoing client project. Eager to contribute to a software development team while continuously growing as a frontend developer.

Experience

React.js Intern

Acadeno Research & Innovation Centre, Calicut [Jul 2026 - Ongoing]

- Learning and developing responsive web applications using React.js, JavaScript, HTML5, and CSS3.
- Building reusable React components and implementing modern frontend development practices.
- Working with React Hooks, component-based architecture, state management, and API integration.
- Debugging and optimizing frontend code for better performance and user experience.
